### EXAMINATION AND REVIEW PROGRAM

The authority to examine unliquidated claims is found in Section 82-1113 through 1119, R.C.M., 1947. The power to solicit, accept and reject bids, award contracts and approve change orders is found in Section 82-3317 of the Revised Codes of Montana 1947. The authority to issue bonds is in Sections 79-2201 through 79-2205 of the Revised Codes of Montana 1947.

### EXTRADITION AND TRANSPORTATION OF PRISONERS

The authority for this program is delegated from specific appropriation in the 1973 Laws of Montana, House Bill No. 57.

### INTERIM PROJECTS

The authority for this program is delegated from specific appropriations found in the 1973 Laws of Montana, House Bill No. 57.

NOTE: Other functions performed by the Board of Examiners are prescribed by specific legislative authority.

#### MAJOR RESPONSIBILITIES

The Board of Examiners has the power to examine claims against the state; to issue and sell bonds as authorized by the legislative assembly; to approve the solicitation, acceptance and rejection of all bids and awards of all contracts to the lowest qualified bidder for construction of state buildings costing more than ten thousand dollars (\$10,000); to approve and process travel expense claims for the extradition and transportation of prisoners; to invest special funds as designated by the legislature and to perform other duties as prescribed by specific statute. Therefore, the primary goal of the Board of Examiners is to provide the administrative decision-making and support to allow agencies and departments of the executive branch to effectively carry out their functions and duties.

## MAJOR ACCOMPLISHMENTS

### 1. Long Range Building Program.

During the year, the Board of Examiners met 13 times and considered 159 items. Among these were the approval of the appointment of architects/engineers for 37 construction projects. Forty-five (45) bid openings were conducted by board personnel, resulting in the award of 46 contracts covering 37 projects for a total amount of \$2,143,501.97 in construction. The board also approved 106 change orders increasing these construction costs by \$271,914.29 and considered 21 miscellaneous items.

### 2. Sale of Bonds.

The Board of Examiners authorized the issuance and sale of a single bond issue for the Long Range Building Program. The bond issue was in the amount of \$2,500,000.00 and was for the purpose of providing funds for a portion of the Long Range Building Program. This was a single bond issued and redeemed the same day at no interest and was purchased with surplus funds, thus saving the State of Montana \$500,000 in interest.

### 3. Extradition and Transportation of Prisoners.

The Board of Examiners, in cooperation with the office of Attorney General, resolved several expenditures paid by the State of Montana involving the extradition and transportation of prisoners. In this regard, the Attorney General's Opinion was obtained relating to the mileage and per diem allowances, which clarified the statutes and previous opinions regarding these matters.
